

The Moraga Garden Club was established in 1970 and ever since has imprinted Moraga in terms of beauty, education, and nurturing friendships. You can follow us and keep current on the internet under Moraga Garden Club.

Club activities include maintaining several areas of the Commons, the Library and School Street urns and the Perennial Garden at the Hacienda. We provide seasonal displays for the Library and decorate a critter tree there in December. MGC has been instrumental in the flourish of daffodil displays throughout Town and schools every Spring.

Club proceeds are used to: donate gardening books to the Library, help fund Town plantings and the teaching gardens in our schools, and supporting Save Mount Diablo and Penny Pines with their reforestation program.

Our active year starts in September and ends in May. We are “dormant” during the summer months.

Meetings—open and free to the public—are held September through May on the third Thursday each month at 9:30 a.m., Holy Trinity Cultural Center, 1700 School Street. **New members and guests are always welcome.**

A brief business meeting and refreshments precede an informative presentation as listed below:
